**VENTURA COUNTY, CA** – (September 12, 2017) **#Odysseo** - After stunning one million California spectators in Los Angeles, San Francisco, San Jose, San Diego and Orange County with its original show **Cavalía** and its second theatrical adventure **Odysseo**, the internationally acclaimed entertainment company **Cavalía Inc.** is thrilled to announce the first visit of **Odysseo** to Ventura County. The world's largest touring production will be presented under its signature White Big Top in Camarillo, US 101 at Santa Rosa Rd (Exit 52). Performances will start Saturday, November 11, and **Odysseo** will call Ventura County home through Thanksgiving with matinee and evening shows scheduled until November 26. Tickets for **Odysseo** in Ventura County are now on sale and can be purchased online at [www.cavalía.com](http://www.cavalía.com) or by calling 1-866-999-8111.

The \$30 million equestrian and acrobatic extravaganza expands the definition of performance into an epic, yet soulful theatrical experience. A show unlike any other on the planet, this awe-inspiring production features 65 magnificent horses and 50 talented riders, acrobats, aerialists, dancers and musicians. **Odysseo** is the masterpiece of Normand Latourelle, creator of **Cavalía Inc.** and renowned for combining different forms of artistic expression and reinventing the scenic space.

**Odysseo** is a heart racing live performance, filled with mesmerizing visuals and live music. Through the magic of digital projection, audiences of all ages will be transported on an epic journey to some of nature's greatest wonders including the Mongolian steppes to Monument Valley, the African savannah to Nordic glaciers, and from the Sahara Desert to Easter Island.

**Odysseo's** mindboggling theatrical effects are as spectacular as they are numerous: a state-of-the-art video screen three times the size of the world's largest cinema screens; a three-story mountain for dazzling perspectives; décor both intricate and grandiose that seems to pull the audience onto the gigantic stage, and a real lake made of 40,000 gallons of recycled water which magically appears for a splashing finale. In sum, the show creates places no one has ever seen before – places where one can feel the deep connection between horse and man.

**Odysseo's** horses play in complicity and with freedom, in a respectful relationship with their human counterparts, creating a moving artistic and emotive partnership. A liberty number, in which purebred Arabian horses are directed only by the soft murmurs of their trainer, and a fabulous caravan act that comprises people and horses too numerous to count, are amongst the breathtaking scenes that will leave every spectator captivated and touched.
