SCOTTSDALE, AZ - (November 20, 2017) – *Cavalía Odysseo* pushes the limits of live entertainment even further as they prepare to gallop in to Arizona this winter with its more impressive version of its exceptional production that marries the equestrian arts and stage arts at never-before-seen levels. Even more magical, spectacular and grandiose than before, a larger than life theatrical experience will soon mesmerize audiences of all ages in Scottsdale. *Cavalía Odysseo* now features more horses - 70 horses of 12 different breeds; and more artists - 50 talented riders, acrobats, dancers and musicians. The \$30 million breathtaking production has grown considerably in size and scope over the last few years without losing its soul. The stage itself is nearly twice its original size, enabling larger-scale and even more cutting-edge performances.

The world's largest touring production will be presented under its signature White Big Top in Scottsdale with performances **starting February 21, 2018**. The announcement of the site in Scottsdale where *Cavalía Odysseo's* White Big Top will be raised will soon be unveiled. Tickets for the family-friendly production are now on sale at www.cavalía.com or by calling 1-866-999-8111. For a limited time only and just in time for the holiday season, attendees who reserve seats online or by phone will automatically receive an up-to-15-percent discount off their ticket purchase.

The new scenic space allows to build a full 3-story high mountain for astounding fresh perspectives, literally recreating nature on stage, a vast space of freedom for the horses and artists to display their intimate collaboration. The integration of additional horses and artists has resulted in many never-before-seen moments for the spectators. *Cavalía Odysseo's* mind-boggling theatrical effects are as spectacular as they are numerous, and they include a state-of-the art projection screen which is three times the size of the world's largest movie screen, a life-size merry-go-round and a real lake made of 40,000 gallons of recycled water, which emerges for a splashing finale.

The show's four-legged stars play and perform with freedom, highlighting a magical relationship with their human counterparts while creating an entertainment phenomenon unlike anything seen across the world today. Deploying their extraordinary talents, *Cavalía Odysseo's* acrobats interact with the horses and the audience and perform using a unique combination of force and sensitivity, while live musicians and vocalists immerse spectators of all ages in an enchanting, unforgettable multi-sensory experience they will remember forever.

Cavalía Odysseo, the largest, most technologically advanced touring show in the world, is a veritable revolution in performing arts that has already mesmerized more than 2 million spectators in Canada, the United States and Mexico since its Montreal, Canada, world premiere in 2011. Still wowing critics and audiences alike across North America, *Cavalía Odysseo* will conclude its fourth Southern California engagement before moving to Arizona in February.
