*Cavalía Odysseo*’s mind-boggling theatrical effects are as spectacular as they are numerous, and they include a state-of-the art projection screen which is three times the size of the world’s largest movie screen, a life-size merry-go-round and a real lake made of 40,000 gallons of recycled water, which emerges for a splashing finale. The show’s four-legged stars play and perform with freedom, highlighting a magical relationship with their human counterparts while creating an entertainment phenomenon unlike anything seen across the world today. Deploying their extraordinary talents, *Cavalía Odysseo*’s acrobats interact with the horses and the audience and perform using a unique combination of force and sensitivity, while live musicians and vocalists immerse spectators of all ages in an enchanting, unforgettable multi-sensory experience they will remember forever.
